Key Benefits

Quick & Easy

**Pay only for
what you need**

Fresh

Flexible

OneAtlas Analytics at a glance

1. Analytics capabilities fully qualified

Object detection

Land use classification

Change detection

2. Ready to use on Airbus imagery

Pléiades 0.5 m

SPOT 1.5 m

3. Answer to a wide variety of needs

Near Real Time
results

Single observation
or monitoring

Web interface or API

Multi-AOI monitoring

Custom alerts

Powerful Analytics powered by Airbus

A selection of analytics to be run on top of OneAtlas archive imagery
